

## Two stage belt driven compressors

# PRO B4900-B7000

Two stage compression providing bigger flows and higher pressure.

## Applications

### User-friendly

Clear oil level indicators

### Performance

Proven and well established technology

### Durable

Strong components

### PRO B5900B 200 FT5,5

5,5 hp, 200 litres

**PRO B4900 200 FT4**  
4 hp, 200 litres

Two stage compressor pump with cast iron cylinder for longer life

Finned aftercooler to lower the compressed air temperature

**PRO B6000 270 FT7,5**  
7,5 hp, 270 litres
